

Lograin-200

Tolfenamic Acid BP

Composition

Lograin 200 tablet: Each film-coated tablet contains Tolfenamic Acid BP 200 mg.

Description

Lograin (Tolfenamic acid) is a potent prostaglandin biosynthesis inhibitor. It is an NSAID with anti-inflammatory, analgesic and antipyretic effects. It acts by inhibiting prostaglandin and leukotriene synthesis.

Indication and Usage

It is indicated for the treatment of Acute Migraine.

Dosage and Administration

Adults: 200 mg when the first symptoms of migraine appear. The treatment can be repeated once after 1-2 hours if a satisfactory response is not obtained.

Children: Pediatrics' dosage regimen has not yet been established.

Elderly: Normal adult dose.

Contraindication

Lograin (Tolfenamic acid) is contraindicated in patients with active peptic ulceration, significantly impaired kidney or liver function and in patients in whom attacks of asthma, urticaria or acute rhinitis are precipitated by aspirin or other NSAIDs.

Use in pregnancy and lactation

Pregnancy: Pregnancy Category- **C**. Studies in pregnant women have not been established. So, the use of other NSAIDs, tolfenamic acid should not be given in the last trimester, due to risks of premature closure of the ductus arteriosus and prolonged parturition.

Lactation: Tolfenamic Acid appears in breast milk in very low concentrations. So, it should be avoided when breastfeeding.

Precaution: Caution should be exercised in patients with history of asthma, bleeding disorders, heart diseases, peptic ulcer, high blood pressure, infections, liver or kidney impairment, any allergy, who are taking other medications, elderly, during pregnancy and breastfeeding.

Side Effects: Tolfenamic Acid is well tolerated at the recommended dose. Side effects includes painful urination especially in males, diarrhea, nausea, stomach pain, vomiting, indigestion, redness of the skin, headache, tremor, emotional, fatigue and pulmonary infiltration.

Storage: Store at room temperature, away from light and moisture. Keep away from children.
